Earning the title WISconsin, Wisconsin has had **19 Powerball jackpot wins** since the game debuted in 1992. The 19 wins are fourth on the list of most frequently winning Powerball states.

In March 2019, Wisconsin had a record-setting \$768.4 million jackpot winner with a ticket sold at a Speedway in New Berlin. The winning ticket is the second largest Powerball jackpot in U.S. lottery history and fourth largest all-time lottery jackpot. Most recently, in June 2020, two Wisconsin friends from the Menomonie area split the Powerball jackpot of \$22 million with a ticket purchased at Synergy Coop Exit 45 in Menomonie.

The Powerball jackpot was last hit on October 4, 2021, when a single ticket in California won \$699.8 million. After 40 draws, this jackpot reached \$632.6 million at the time of the drawing with a cash value of \$450.2 million. The odds of winning a Powerball jackpot are 1 in 292,201,338.

Powerball tickets are \$2 per play with the option to purchase the *Power Play* feature for an additional dollar for a chance to multiply winnings. *Power Play* does not apply to the jackpot. *Powerball* drawings are Mondays, Wednesdays, and Saturdays at 9:59 p.m. Tickets must be purchased before 9 p.m. on Monday, Wednesday, and Saturday to be included in that day's drawing. The 10x multiplier is only in play when the advertised annuity jackpot is \$150 million or less. Tickets are sold in 45 states, the District of Columbia, Puerto Rico and the U.S. Virgin Islands.
