FOR IMMEDIATE RELEASE

## Lightning Strikes SuperCash! Lotto Game in April

*Limited-time only Lightning Ball feature adds \$10,000 and \$20,000 prizes to Wisconsin lotto game*

**MADISON, Wis.** – The Wisconsin-only lotto game [SuperCash!](#) is getting a positive charge this month with the addition of a limited-time offer called the Lightning Ball. *SuperCash!* tickets purchased between April 1-30 have a 1 in 3 chance of getting an extra number (Lightning Ball) per each set of two plays and when it strikes, players can use it to win several prizes.

*SuperCash!* is a game where players select two sets of six different numbers from 1 to 39 hoping to match a minimum of three or all six to win prizes from \$1 to \$350,000. The additional Lightning Ball number (also from 1-39) will appear on every third set of two plays purchased statewide. The extra number offers players better odds of winning (excluding the \$350,000 top prize).

**Example:** If a player matches four of six numbers drawn, they win \$30. But, if a Lightning Ball appears and it also matches one of the numbers drawn, the player now matches five of six numbers and wins \$500.

For plays that match five of six numbers plus the Lightning Ball, the prize is \$10,000. If a Doubler is drawn for that winning ticket, a \$20,000 prize would be awarded instead. These prize levels are only available during the *SuperCash!* Lightning Ball limited time offer.

The Wisconsin Lottery first introduced *SuperCash!* in 1991. It is a \$1 per set of two plays game that allows players to either select their numbers or choose them via the quick pick option. Players can play up to seven draws in advance.

Five players in 2022 have won the \$350,000 *SuperCash!* top prize so far. The odds of winning the *SuperCash!* top prize are 1:1,631,312. Odds of winning for plays WITHOUT the Lightning Ball: \$500, 1:8,239; \$30, 1:206; \$1, 1:15. Odds of winning for plays WITH the Lightning Ball: \$10,000, 1:271,886; \$500, 1:2,428; \$30, 1:94; \$1, 1:10. The odds of a Doubler being drawn are 1:7.

### ABOUT THE WISCONSIN LOTTERY

The Wisconsin Lottery enriches communities statewide by giving back 93 percent of its revenue to winners, retailers, and Wisconsin homeowners. Since 1988, the Wisconsin Lottery has generated:

- More than \$17 billion in total revenue
- Over \$9.7 billion in prizes paid
- More than \$5.1 billion in funding for property tax credits to eligible Wisconsin homeowners
