How to Validate & Pay a Winning Ticket

- A player must redeem winning tickets at your location the same day of purchase. To easily identify tickets you sell, compare the number printed at the top or bottom of each ticket to the number printed on the box.
- Check the symbols under a tab to verify they match a winning combination of symbols in the legend on the ticket face.
- Punch, tear or destroy the ticket after paying the prize.

How to Guarantee Successful Sales with Pull-Tabs

- Offer a variety of pull-tab games to appeal to all players.
- Post pull-tab box posters and top prize winners.
- Provide a friendly playing atmosphere.
- Pay winners with more pull-tab tickets.
- Ask players for the sale.
- Ask your Lottery Representative about ways to generate more profits!
